To determine Footage in a Chop or Join Frame;

Find United Inches

Example: a 16" x 20" frame has 36 United inches.

Find Moulding Width

Example: Frame# 10010 is 1" wide.

Determine Footage

Example: Frame# 10010 (1") at a size of 16 x 20", uses 7.5 feet.

For sizes in between the United Inches & Moulding Width, always round up to the next larger size.
